On the farm in Holland where Farr's Tulip bulbs are grown. For 15 years our supply has come from one grower

JUST GARDENS

IT DOES not matter where they grow;
Their loveliness will be
A place where lonely souls may go
In lands of memory.

They may be stately, with a dial
To catch the sun's warm shine—
They may be tender as a smile,
Or as a Valentine.

They may show just a touch of green
Against some city wall;
And yet, to wistful hearts, they mean
Youth's wonder, and life's all.

Just gardens, rising from the sod
Like laughter, sweet in tone,
Like anthems, giving back to God
The dearest thing we own.

It does not matter, very much,
The spot in which they grow—
For we come closer, by their touch,
To One, Whose love we know.

GREATLY PLEASED WITH NARCISSI AND LILACS

BERTRAND H. FARR,
Weaver Park, Pa.
Last fall I bought from you the "Wordsworth" collection of Narcissi. I wish you could see the gorgeous display of the Narcissi I have in bloom now. I think there have been from two to four flowers from every one of the Barri conspicuous bulbs, and the Emperor and Fragoleus are very large; a good many of them have two flowers from one bulb. The Poets and Empress have not bloomed, but are budding. Some of my Barri conspicuous flowers are 3 to 4 inches across. I am highly pleased with them all and will have another order this fall.

The six French Hybrid Lilacs, purchased at the same time, have fine clusters of buds, some of them far enough advanced to be showing color. I am very anxious to see them. You know our springs are so early that all these flowers are gone here before they bloom with you.

Do you have a spring-blooming bulb called Leucocjum vernum, or Spring Snowflake—a white bell-shaped flower with light green spots on the petals? I want to get some and have never found them in but one catalogue and that was misplaced so I don't know whose it was. When would be the best time to buy them?

Very truly yours,
MRS. HARRY E. KELLEY
Park Hill, 2122 S. W St., Ft. Smith, Ark.

Holland Bulb Essentials

Dutch bulbs are extremely modest in their cultural demands. Many of the old rules for bulb growing would lead an ordinary gardener to infer that success is concealed from ordinary mortals, and that certain rites must be followed if even ordinary results are to be secured. Not so, but there are certain simple cautions to be observed which will assure stronger growth and larger blooms.

What to Do in Fall

1. Light, rich, and well-drained soil is the best for bulbs. Add sand or ashes to clay soil, or clay to sandy soil. Do not use fresh manure. Bone-meal and sheep-manure are good. Prepare the beds before bulbs arrive.

2. Uniform depth of planting is essential for bedding purposes. Irregular depth of planting produces irregular bloom. Setting the bulbs in trenches, made with a hoe, is a good method.

3. Most important—be sure to plant to correct depth. Three times the diameter of the bulb is a safe and easy rule.

4. Do not apply top cover until ground is permanently frozen.

5. Ask for our circular on indoor forcing

**Tulips**

The great variety of dazzling Tulips, in every conceivable color combination, makes them the most popular of the spring-flowering bulbs. By planting bulbs of the different classes, a display of bloom may be had for several weeks, beginning first with the early-flowering section and ending with the Darwins and Breeders. Even a dozen bulbs will make a brilliant corner in the garden. The test of quality in Tulips is solidity rather than size of the bulbs. We import the best grown.

**SINGLE EARLY TULIPS**

All varieties in this list may be used with equal success for bedding or for forcing. Stems 10 to 15 inches high. Bloom in late April. Plant 4 to 5 inches deep, 5 to 6 inches apart.

*Six or more bulbs of one variety at the dozen rate: 25 or more at the 100 rate. Not less than 6 bulbs of one kind sold.*

**BELLE ALLIANCE.** 12". Clear (see page 400). Deep scarlet. $0 70 $0 50

**CHRYSOLORA.** 13". Large; pure golden yellow. 70 5 00

**COEUR DE CARDINAL.** 13". Large; crimson; strong stem. 80 6 00

**DUCHESSSE DE PARMA.** 13". Showy orange-red. 75 5 50

**FLAMINGO.** 13". Large; beautiful pink and white. 75 5 50

**GENERAL DE WET.** 16". Brightest and best orange. 2 00 15 00

**KEIZERSKROON.** 16". Popular; red and yellow. 95 7 00

**Pink Beauty.** 13". Bright cherry-pink. 1 35 9 00

**RISING SUN.** 16". Tall; deep golden yellow. 95 7 00

**WHITE HAWK.** 13". White. 80 6 00

**SUPERFINE MIXTURE.** From choice and distinct varieties of similar height and season. Top-size bulbs. 60 cts. per doz., $3.50 per 100, $32 per 1,000.

**COTTAGE TULIPS**

*(Single or May-flowering)*

Cottage Tulips are fine for naturalizing in permanent borders. They come up and bloom year after year. When alternated with Single Early, the blooming season is prolonged. Height 18 inches. Bloom May 15. Originated in England among the English cottages.

*Six or more bulbs of one variety at the dozen rate: 25 or more at the 100 rate. Not less than 6 of one kind sold.*

**ELLEN WILLMOTT.** 25". Large; soft yellow. 50 70 $4 50

**GESNERIANA LUTEA.** 26". Sweet-scented; lemon-yellow. 70 4 00

**GESNERIANA MAJOR (Spathulata).** 20". Crimson-scarlet. 70 4 00

**GLARE OF THE GARDEN.** 21". Shapely; vivid scarlet. 75 5 00

**GOLDEN CROWN.** 23". Yellow, with red edges. 70 4 50

**INGLESBONCE PINK.** 25". Soft rose, flushed salmon. 70 4 00

**INGLESCOMBE SCARLET.** 18". Doz. 100

**INGLESCOMBE YELLOW (Yellow Darwin).** 23". Large; globular yellow. Used with Darwin combinations. 70 0 40

**JOHN RUSKIN.** 18". Bronze-rose and yellow. 75 5 50

**MOONLIGHT.** 24". Oval-shaped; canary-yellow. 80 0 60

**ORANGE KING.** 22". Deep orange-red. With light crimson rose. 70 4 00

**PICOITE (Maiden's Blush).** 20". White, tipped rose. 70 4 00

**SUPERFINE MIXTURE.** 60 cts. per doz., $3.50 per 100, $32 per 1,000.

**DOUBLE EARLY TULIPS**

With few exceptions, Double Tulips should be used for forcing and bedding only. The flowers are very durable, and as they open slightly later than other Tulips, they prolong the flowering period. Stems 12 to 15 inches high. Bloom during late April and first of May and second half of April. Alternate rows of Single Early and Double Tulips are very effective.

*Six or more bulbs of one variety at the dozen rate: 25 or more at the 100 rate. Not less than 6 of one kind sold.*

**COURBONNE d'OR (Crown of Gold).** 11". Yellow and Doz. 100

**MURILLO.** 13". Light pink. 70 4 50

**MYSTERY OF INDIA.** 12". New. Terra-cotta with salmon. 1 50 10 00

**SCHONNOORD.** 13". Large; pure white. 70 5 00

**TURNESOL.** 11". "Double Keizerskroon." Red and yellow. 80 6 00

**SUPERFINE MIXTURE.** 60 cts. per doz., $3.50 per 100, $32 per 1,000.

**DARWIN TULIPS**

Darwin Tulips are highly recommended for massing in shrubbery and for providing contrasting color in the spring garden. Groups of twenty-five to fifty bulbs of one color produce striking and beautiful effects. In form, the cupped blooms are entirely distinct from all other classes of Tulips; they are unusually large and borne on long stems. Bulbs may be forced if brought to the heat not earlier than January. Garden bloom, May 15.

*Six or more bulbs of one variety at the dozen rate: 25 or more at the 100 rate. Not less than 6 of one kind sold.*

**BARON DE LA TONNAYE.** 26". Doz. 100

**BARTIGON.** 26". Earliest; very large; fiery red. 70 4 00

**WHITE QUEEN.** 24". Rose, fading to white. 70 4 00

**WILLIAM COPLAND.** Large; lilac, Early. 70 4 50

**YELLOW DARWIN.** (See Inglescombe Yellow.) One of the few popular-priced yellow Tulips which bloom and can be used with Darwins. True Darwin yellows are as scarce as true yellow. 70 4 00

**ZULU.** 27". Velvety purple-black. 70 5 00

**SUPERFINE MIXTURE.** 60 cts. per doz., $3.50 per 100, $32 per 1,000.

**BREEDER TULIPS**

Breeders Tulips are the unbroken forms of the old florists' Tulips. The blooms strongly resemble the Darwins, except that they have an entirely different range of color, comprising artistic tones of bronze, terra-cotta, orange, and brown. Breeder Tulips are May-flowering, producing blooms of enormous size, and because they are vigorous growers are valuable for the garden. We have taken great pains to select only the choicest varieties, and recommend all of them to anyone who wishes something especially fine. In height and bloom they are practically identical with L. Carwins and can well be combined with them.

*Six or more bulbs of one variety at the dozen rate: 25 or more at the 100 rate. Not less than 6 of one kind sold.*

Hyacinths

Culture is similar to other bulbs. Plant 6 inches apart and cover with 4 inches soil. Setting the bulbs on a layer of sand improves the bloom. They are best in beds and other formal arrangements. A most popular indoor plant; anyone can handle them. Unexcelled for fragrance.

We specialize in the best grade Hyacinths. The stock for 1927 is of 18-19 centimeter circumference, second in size only to the very largest bulbs obtainable. If the blooms produced are not of the largest you have ever seen, your money will be refunded.

All named Hyacinths, 30 cts. each, $3 per doz., $20 per 100

Single Red and Rose

**GENERAL DE WET.** Large; soft pink. **QUEEN OF THE PINKS.** Bright rosy pink. **ROI DES BELGES.** Dark red.

Single Light and Dark Blue

**ENCHANTRESS.** Porcelain-blue. **GRAND MAITRE.** Compact; sky-blue. **KING OF THE BLUES.** Late; rich dark blue.

Single Yellow

Yellow Hyacinth bulbs are small. **YELLOW HAMMER.** Pure bright yellow. **KING OF THE YELLOWS.** Deep yellow.

**Blooms.**

**Crocuses**

When the spring sun begins to warm the ground, the Crocuses quickly respond to the bright rays. Following the snowdrops, they are among the very earliest spring flowers, and most effective when dotting the lawn without any fixed plan of arrangement. The bulbs can be strewn thickly over the surface and be set where they fall, merely lifting the sod with a knife or trowel, slipping the bulbs underneath and pressing the sod back into place.

**KING OF THE WHITES.** Snowy white; large blooms. 60 cts. per doz., $3 per 100, $25 per 1,000.

**MAMMOTH YELLOW.** Especially desirable for lawn planting. 65 cts. per doz., $4 per 100, $36 per 1,000.

**MAXIMILIAN.** New. Porcelain-blue. 60c. per doz., $3 per 100, $25 per 1,000.

**ORNATUS.** Fall-blooming Crocus. Blooms without watering or planting; simply lay on shelves, desks, tables, etc. Try 25 or a dozen. 75 cts. per doz., $5 per 100, $45 per 1,000.

**PURPUREA GRANDIFLORA.** Dark purple. 60 cts. per doz., $3 per 100, $25 per 1,000.

**MIXED CROCUSES.** All colors mixed. Top size. 60 cts. per doz., $2 per 100, $18 per 1,000.

Not less than 6 bulbs of any variety supplied.
